

California Invention Convention

Essentials for CAIC Program Success PD Session

Join us on Saturday, September 21, 2019 for a special PD session specifically designed for teachers with little or no experience in the CAIC.

- **Engaging and motivating students** with CAIC activities and how those skills expand into other classes
- Learning why the CAIC program is important and how it fulfills the **California Core & NGSS requirements**.
- **Planning, setting up, promoting and running** a CAIC program in your school.

Great for ALL teachers, with or without CAIC experience!
You must be registered to attend this workshop.

Reserve your spot today!

Comment from teacher who participated in the program last year:
"Thank you for inviting us to participate in such a creative and fun pilot program.... I've seen it in action this year: STEAM makes such a difference! And this experience has greatly elevated the joy factor during my first year back in the classroom with such innovative and empowering hands-on learning for all. What a fun learning curve!"
